Student Senate Holds First Meeting

The Student Senate held their first meeting of the semester this past Monday evening.

Nominations were opened to find two delegates to attend the Mass State Student Association platform meeting. Hopefully, September 24, two delegates each from 23 schools will attend the M.S.S.A. meeting. The M.S.S.A. platform is as follows:

1. No budget cuts
 - A. We support the concept of developing openly accessible, high quality, public higher education for all Mass. citizens.
 - B. We oppose any Proposition 13 type movements. (Massachusetts proposition 2½)
2. No tuition increase.
3. Points to be included in any higher education reorganization plan.
 - A. We support diversity in public higher education reorganization plan.
 - B. No elimination of Liberal Arts Programs.
 - C. No support trends involving specialization or regionalization of public college programs.
 - D. First priority in administering of public institutions should be the maintaining and improving the quality of public higher education.
4. Funding of public higher education before private higher education. In addition, there were several motions made.
 1. **Motion A** committee is needed to check on clubs. Their goals are to make certain each club is actually in existence, legitimate and find out which rooms they are occupying. **PASSED.**
 2. **Motion** The student government should give moral support to the second chance group. The second chance group gives middle-aged persons a chance to return to school and have a Day Care Center. Sari Hubbard is chairperson of said committee. **PASSED**
 3. **Motion** Health forms should be made available on the south campus. **PASSED.**
 4. **Motion** Parking stickers are to be requested from Security so that they may be made available on South Campus. **PASSED**
 5. **Motion** Mike Favaloro will check into the busing situation which now exists between campuses. **PASSED.**

Student Union Board of Directors in Motion

Last June, the University Board of Trustees approved the formation of a Student Union Board of Directors. This Board was created to oversee effective utilization and control over both Student Union Buildings with the exceptions of Fox dorm areas and certain specialty areas, e.g. cafeteria areas, the Rathskellar, South Campus bookstore, and others. The Board will be concentrating this semester on room allocations

and usage.

The first meeting of the Board was held on Mon. Sept. 11. Committees were formed to begin room review and allocation, and control of the Snackery lounge was given to the Rathskellar for use as a pub.

Formal elections for the Board will be held on Wed. Oct. 11. Watch the **Connector** for further details.

New Tennis Courts Non-Existent

Last year, when the Administration uncovered the plans for the new parking lot, Mr. Charles De Fillipo proposed that a portion of the new lots around the Towers be fenced off for tennis courts. A lot of students appreciated the idea, since the courts behind Leitch are always busy, and the general upkeep has decreased.

However, when school opened, the courts were nowhere to be found. Mr. De Fillipo explained the absence by saying that funds were not available for the fencing around the courts.

It is not known where the funds for the fencing were supposed to come from in the first place. It is not even known if the funds existed when promise of the courts were made by Mr. De Fillipo. It is known that a lot of students are disappointed by a promise that was not kept.

AC Highlights

The first University of Lowell Activities Commission meeting of the semester was called to order on September 11, 1978 at 7:30 in room 606 of Fox Hall. First on the agenda was the director's report given by Frank Flemming who stated that the opening weekend in the second floor Rathskellar went very smoothly.

The next item was the Cultural Committee report given by Chairperson Dan Seifert who discussed several possibilities for upcoming speakers. He also noted that the comedy show consisting of bloopers, film and radio clips given by Herbert Graff will take place Monday, September 18, as planned.

The Social Committee report

given by Chairperson Louis Salamone who began by discussing the first segment of a mini-concert series featuring the Byrds. There will be two shows in Cumnock Hall on September 23, tickets costing \$3.50 and \$5.00 which go on sale September 13.

The purpose of the mini-concert series is to provide an exciting on-campus concert with a fairly popular band. The advantage will be fewer production costs resulting in a less expensive ticket price for the students at the University of Lowell.

The Facilities Committee report was given by Chairperson Tom Beebe who stated that the game-rooms on both north and south campus are open and in full

operation. A motion was made to allocate a maximum of \$2000.00 for student government equipment which passed unanimously.

The Activities Commission meetings are open to the entire student body and all participants or helpful suggestions towards campus activities are welcome. The next meeting will be held on September 25, in Fox Hall, room 506 at 7:30. Also the Social Committee which is responsible for concerts and events such as Rathskellar entertainment will be meeting Wednesday, September 20, in room 506 of Fox Hall at 7:00 and anyone who is interested may come.

—Cheryl Bills

South Campus Pub

The South Campus Pub opened last Friday for a happy hour from 3 P.M. to 5 P.M. The happy hour was the first of its kind in the new Pub. The Pub is located in the "Snackery Room" in the South Campus Student Union Building.

The Pub, it is hoped, will eventually be licensed as part of the ULowell Rathskellar Corporation. This would enable the Pub to serve all liquors and beer.

Until these circumstances are in effect, the Pub will occasionally have a happy hour at which beer will be served.

Important Dates You Should Know

September 15 Friday

Last Day for Instructors to Publish Course and Attendance Requirements for Class Members

18 Monday

Last Day for registered students to

1. Add a Course,
2. Change Sections Within a Course,
3. Drop a Course Without Record, and
4. Change Enrollment Status from Audit to Credit, Credit to Audit,

"Pass-No Credit" to Letter Grade, or Letter Grade to "Pass-no Credit"

29 Friday

Last Day for Students to Complete Work for Incomplete Spring Semester and Summer Session (1978) Courses

5 Thursday

Last Day for Faculty to File Grades for Incomplete Spring Semester and Summer Session (1978) Courses

Last Day for Faculty to File Changes of Course Grades for Spring Semester and Summer Session (1978) Courses

Changes in Academic Policy

Grade Substitution

Except for courses which are designated as being non-repeatable, students may substitute passing grades as provided by the following regulation. Non-probationary students must repeat courses under this regulation within the next two semesters of attendance following their course failures. Although probationary students may not invoke the grade-substitution provision during their periods of probation, they may retroactively invoke the provision during the semester immediately following removal from probation for all courses which they have failed during the two semesters preceding their suspensions and which they have repeated while on probation. Students who have completed their probationary periods satisfactorily also may repeat during the following semester courses which were failed during the two semesters preceding suspension but which were not repeated while on probation.

Engineering Requirements

In order to remain in the Engineering Program at ULowell, one must at least have a 2.0 Grade Point Average (GPA) at the end of the Freshman year.

Message from Dean King

It is with great pleasure that I welcome the new and returning students to the University of Lowell. The Staff in the Student Affairs Office is looking forward to the opportunity of helping you in the development of a career for the future.

Your educational experience at the University will be an exciting one and you may be assured that the entire staff of the Student Affairs Office will help you in every way possible to progress toward your goal. It is my sincere hope that your future will be an exciting, challenging, and rewarding one.

Take every advantage of the facilities and staff which exist at the University.

Your daily challenge will consist of hard work but the ultimate rewards make it all worth while.

My sincere best wishes for much success this year!

LETTERS to the EDITOR

ULowell Marching Band Becomes a Reality

Dear Student,

The University of Lowell Marching Band will become a reality this school year, with rehearsals scheduled on Tuesday and Thursday evenings from 6:30 - 8:30 PM (initially the band may rehearse 3 or 4 evenings a week for a few weeks from 6:30 - 8:00 PM). The musical arrangements, uniforms and marching technique will be in the traditional "drum corps style". The projected openings for this fall are as follows: 80 (as follows)-

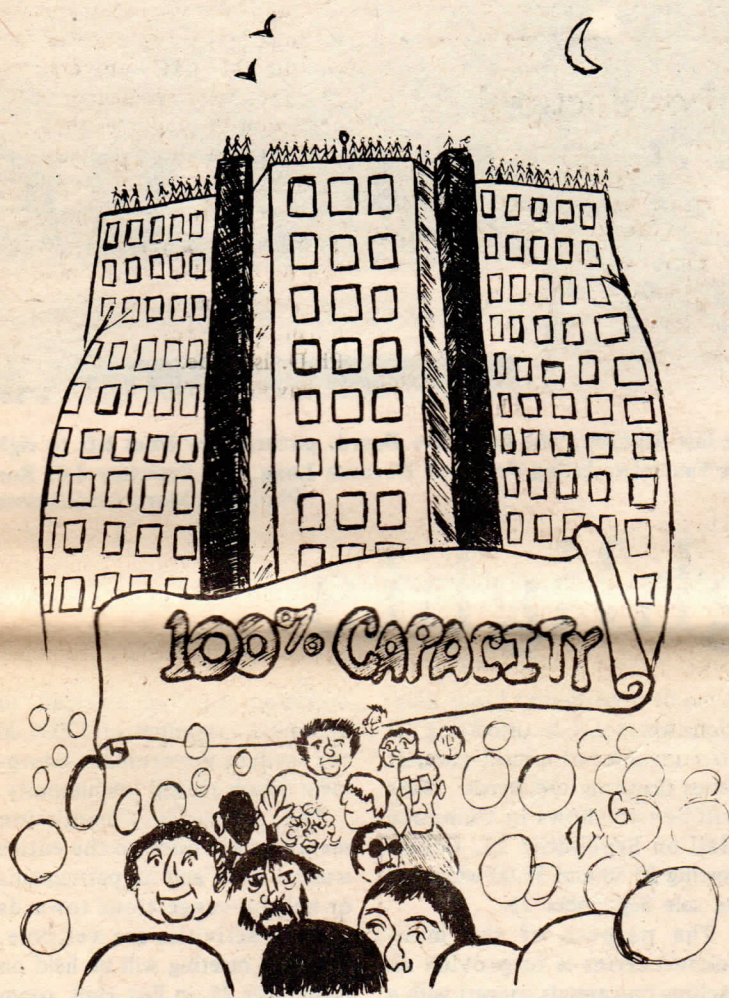

8 piccolos
12 clarinets
8 sax
4 flugelhorn
20 trumpets
12 trombones
8 baritones

8 bell front mellophones (French Horn Trumpets)
14 Percussion
6 Sousaphones
16 Tall Flags
8 Rifles
3 National Section
1 Drum Major (field director)

Participants will receive two credits (which satisfy humanities requirements for non-music majors) and they will be expected to serve in the traditional requirements of a marching band. i.e. parades, athletic contests, etc. In the second semester the band will function as a concert band and rehearse two evenings per week.

If you are interested in participating in the University Band program, please return the enclosed post card immediately. I look forward to seeing you in September.

Sincerely,
J. Alan Whiston
Director, University Bands

The *Connector* is having an *Orientation Meeting for All Interested Students* on Wednesday, September 20 at 7:30 P.M. in Room 426, Fox Hall (North SUB). All aspects of production, writing, reporting, photography and business will be discussed.

Notary Public Available

A Notary Public will be on hand from 9 am - 5 pm at both the Dean of Students Office (Cumnock Hall) and the Student Information Center (Southwick Hall, across from the mailroom).

Through the cooperation of Representative Leo J. Farley (D-Lowell) this service is available to all students free of charge. Farley has been supportive of the University of Lowell Student Government throughout his terms as Major of Lowell, ULowell Trustee and State of Official.

The Philosophy of Career Planning and Placement

The goal of the educative process is the development of the individual in order that potential both as an individual and as a constructive member of society may be fulfilled.

The focus of Career Planning and Placement Services is upon the student not only immediately before and after graduation, but also during the earlier undergraduate years in the quest for self-understanding, appraisal of interests and abilities, and efforts to determine vocational objectives which are most meaningful and satisfying.

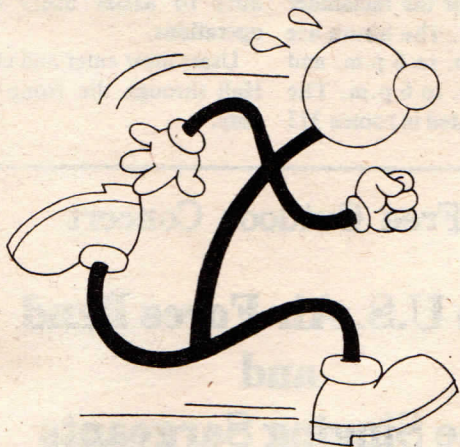

It is the purpose of career counseling and placement referral to assist students and graduates in these endeavors, functioning as an integral part of the educative process.

Career Planning and Placement has the responsibility to develop and maintain communication channels among students, faculty, educational administrators, educational institutions, and employers so that their various needs and interests can be properly interpreted and implemented.

Now is the time for the Class of 1979 to fulfill their career goals. If you have not registered for placement, please do. We assist all classes in career counseling and also provide part time placement for those who need it. We are located in the Alumni Library (right-hand entrance), across from Cumnock Hall.

SERVICES RENDERED

- INDIVIDUALS - WORK SHOPS - SEMINARS
- ALUMNI - GRADUATES - UNDERGRADUATES
- Full Time - Part Time Placement Service
- Career Counseling and Direction
- Career Changes
- Plant/Agency Tours - Indoctrination
- Individual and group trips to plants and Government agencies. Full bloom indoctrination program and cooperative problem solving sessions in business.
- Letter Writing Clinics
 - Letter of Introduction
 - Submission - Introduction
 - Thank you note
- Success Seminar
 - Acting and looking business-like
 - Business and shop talk - buying
 - Travel tickets - registering hotel/motel
 - Ordering meal
 - Tipping - Etiquette - talking to receptionist
 - Sparring with questions - keeping expense account
 - Follow up
- Guest Speakers from Government Agencies and Business
- Secondary Interview
 - Primary Interview vs. Secondary interview
 - All expense paid by Prospective Employer
- Lets Talk Salary
 - When-How-How much-Accept-Reject or ask for delay
- Travel Service
 - Routing - Scheduling - ticketing - Reservation
- Job Development Services
 - Three way phone hook up with prospective employer
- How Am I Doing Session
 - Periodic review to evaluate effectiveness
 - Change approach if needed.

Admission Test Candidates

Those planning to take one or more of the admissions tests required by graduate and professional schools are advised to register for the tests immediately. A disruption in mail service could prevent those who delay from being registered for the early fall administrations. Regular Registration Deadlines for the examinations are:

Law School Admission Test (LSAT)	September 14, 1978
Graduate Management Admission Test (GMAT)	September 21, 1978
Graduate Record Examination (GRE)	September 28, 1978

Late Registration Deadlines generally are one week later than the Regular Registration Deadlines.

Career Day = Your Future

Get first hand information about your field of endeavor. Career Day is planned for YOU! YOU spend a day with a professional in your chosen field. See what his or her duties are and how they fit with your own career goals.

The Society for Advancement of Management (SAM) is working with the Greater Lowell Chamber of Commerce and has planned Career Day for Friday, November 17, 1978. All University of Lowell students are invited to participate in Career Day. YOU will meet with a professional in your chosen field and spend the day with him/her, find out what his responsibilities and duties are, where does he/she stand in the hierarchy of the organization, have

your personal questions answered, and possibly have a plant tour.

Career Day is open to everyone; Freshman, sophomores, juniors, and Seniors. It is an excellent opportunity to find out if your chosen field is the right one for YOU.

To make your day, more rewarding and fulfilling, SAM needs to know what YOU want. For example, are you interested in sales retail management, private accounting, mechanical engineering, nursing, etc. Please fill in the form and return it to GINNY #198N. There are only so many positions that can be filled, so fill in the request form today. Watch the **Connector** for updates!

NRC Programs for Postdoctoral Research in 1979

Applications are now being accepted for the NRC Research Associateship Programs for 1979. These programs provide scientists and engineers opportunities for postdoctoral research in the fields of:

Atmospheric and Earth Sciences - Chemistry - Engineering
Environmental Sciences - Life Sciences - Mathematics
Physics and Space Sciences

Awardees conduct research on problems of their choice in selected federal research laboratories at approximately 65 geographic locations in the United States. The programs are open to recent recipients of the doctorate and, in many cases, to senior investigators also. Some programs are open to non-U.S. citizens.

Approximately 250 new awards will be made on a competitive basis in 1979. The basic stipend (subject to income tax) will be \$18,000 for recent recipients of the doctorate. Higher stipends are awarded to senior investigators. The awards include relocation grants and funds for limited professional travel during tenure.

Applications must be made to the NRC and must be postmarked by January 15, 1979. Results will be announced in the Spring.

Application materials and detailed information about specific opportunities for research are available from Associateship Office, JH 608-D1, National Research Council, 210 Constitution Avenue, N.W.

Seniors

College of Management Science

The last day for seniors who anticipate completion of Degree requirements by the end of December, the end of May, or the end of August is **November 17, 1978**. All **Declarations of Intention to Graduate (DIG Forms)** must be filed by this date.

ALL

College of Management Science Students

All student folders have been relocated to the College Office in Falmouth 302 under the care of Mary Wilson. Students wishing to take their folders out of this office must first surrender their I.D. Card until the folder is returned.

During the advising period all folders will be transferred by this office to the student's faculty advisor.

NOTICE

All those interested in becoming a part of the U. of Lowell Stage Crew come to a meeting Tuesday, September 19 at Fox Hall, Room 606. Past members **PLEASE** attend!

CIC Establishes Fellowship Programs for Minorities Students

The Committee on Institutional Cooperation has established two fellowship programs designed to increase the representation of minority group members among those who hold doctorates in the social sciences and the humanities.

Founded by grants from the Lilly Endowment, Inc., and The Andrew W. Mellon Foundation that total more than \$1 million, the program will provide 25 two-year fellowships in the social sciences and 10 in the humanities for the 1979-80 academic year.

The Committee on Institutional Cooperation (CIC) is the academic consortium of 11 Midwestern universities—the Big Ten universities and the University of Chicago. Recipients of the fellowships may use them at any one of the 11 CIC universities, provided they are accepted for admission to graduate study.

The fellowships provide full tuition plus a stipend of \$4,000 for each of two academic years. Two additional years of support will be provided by the doctoral candidate's institution as long as normal progress towards the Ph.D. is made.

Anyone who has or will receive a bachelor's degree by September, 1979 is eligible to apply for the 1979 competition. Graduate students may also apply.

The deadline for application is January 15, 1979, although students are urged to apply as early as possible in the fall. A one-step application procedure combines application for the fellowship with application for admission to any of the CIC universities on a single form.

Anyone desiring detailed information about either fellowship program should write to: CIC Minorities Fellowships Program, Kirkwood Hall 111, Indiana University, Bloomington, Indiana 47401.

Between September 15 and January 15, prospective applicants from outside Indiana may call toll free between 9:00 a.m. and 5:00 p.m. EST for information. The number is 800-457-4420.

Now in its second year, the CIC fellowships program in the social sciences makes awards in anthropology, economics, geography, history, political science, psychology, and sociology.

The humanities fellowships are available to students seeking doctorates in American studies, art history, classics, comparative literature, English, German, linguistics, music, philosophy, religion, Romance languages, and Slavic languages.

Add/Drop Fee

The add/drop fee was proposed and passed by the Board of Trustees on April 21, 1976. According to President Duff, the purpose of the fee is to prevent flagrant abuses of the add/drop system. Duff said that some students were abusing the system by registering for ten or more courses and then dropping the ones they didn't like.

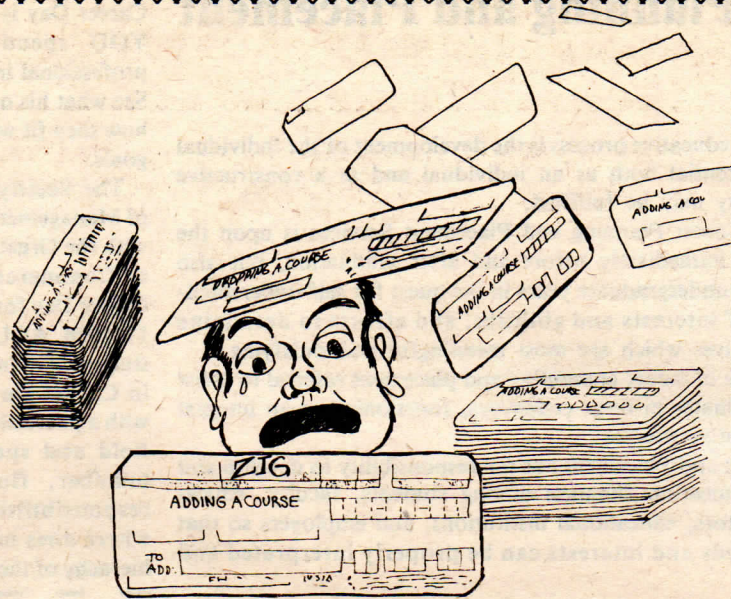

The money collected for the fee, by law, must go to the state, and not back to the student body or University.

The system by which students are charged for dropping or adding courses goes as follows:

- A single change in the student's program will be \$5.00. This may be for a single "add" or a single "drop".
- In the case of multiple changes, the charge is based on the number of courses dropped, 3 added, 2 dropped—\$10.00; 3 dropped, 2 added—\$15.00.
- If courses are cancelled by the University, or, if a student must drop a course because of illness, or, in the opinion of the Dean of the student's college, for good and sufficient reasons, the Dean may waive the fee. A form for waiver of fee will be available in the offices of the various Academic Deans.

What all this means is that if you are not abusing the add/drop system you will not have to pay the fee. If you do drop or add a course go and see the Dean of your College and let him or her decide.

The deadline for dropping or adding a course is Monday, September 18.

Social Committee Meeting

Freshmen-Sophomores - Read!

The university of Lowell Air Force ROTC has been remarkably successful in gaining scholarships for students enrolled in ROTC. Of last year's freshmen, 35% have received scholarships paying \$100 a month cash plus books, tuition, and lab fees. A full 50% of last year's sophomores now have the same scholarship. In September 48% of the new seniors will be on scholarship. Should you be interested in learning to fly, \$700 worth of civilian flying instruction can be yours prior to graduation. A \$400,000 Air Force pilot training program can be yours after graduation. Combine the scholarship and flying opportunities with the free flights in Air Force airplanes, AFROTC social events, opportunity to develop your leadership and management

skills while at the university and to apply them as an Air Force officer after graduation and you have a general idea of the value to you of AFROTC - the world's best kept secret. For freshmen, the instant friends and the AFROTC social activities will ease your adjustment to college life.

AFROTC cadets are not students who wear big old shoes and march around all the time. They are student leaders, student athletes (baseball, football, and hockey players within the last two years), students who know where they are going and who are having fun along the way. After graduation they will be using their college degrees at work for the world's biggest company. In that work they will receive free medical and dental care, 30 days vacation with

pay each year, advanced education and travel opportunities, and a lucrative retirement plan.

For freshmen and sophomores AFROTC offers a NO-STRINGS trial program. We invite you to add AFROTC at no charge. It costs you not a cent. If you like what you see you may earn that scholarship or pilot opportunity. If AFROTC is not what you thought it would be your signature on a drop card severs your ties with us. You have heard the slogan, "Try it, you'll like it." We think that slogan describes AFROTC at the University of Lowell to a "T". Drop in to Southwick Hall, Room 328 and take the first step toward being an Air Force officer - A Great

Staff Now

Rape Crisis Unit

A new Rape Crisis Unit has been established for Greater Lowell area residents to provide free and confidential crisis intervention to victims of rape or sexual abuse. Trained, certified counselors, available 24 hours a day, offer personal counseling to victims as well as support in hospital, police and possible court procedures.

With the use of printed materials and through public speaking, members of the Rape Crisis Unit plan to inform students, community groups and other concerned individuals of the techniques for rape prevention and where to turn to for help if sexual abuse does occur. All information and services are also available in Spanish.

Sponsored by CETA and the Mental Health Association of Greater Lowell, the Rape Crisis unit has installed a hotline, available day or night to persons seeking assistance or information. The telephone number is 458-2084.

Listening Room Staff Needed

Anyone interested in working on the North Campus Listening Room staff during his or her free hours this semester? If so, please stop by the Listening Room (basement of library) or contact Ed Harris Box 2198 or Rich Marshall Box 749, for more information.

The Regatta Celebration

The Regatta is the celebration of the restoration and preservation of the first planned industrial area in the country. The city of Lowell is celebrating the opening of the Urban Park September 15th - 17th.

It would be in the best interest of the University to take part in the Celebration Parade; Sunday,

September 17th. Such participation would demonstrate the University as an intricate part of the Lowell community and promote the University name.

Any interested students please contact Deborah Long, Box 530 or stop by the Student Information Center.

Computer Center Facilities Open Weekends

The Computer Center Staff announces that both the time-sharing terminals and remote batch terminal station will be open weekends for the remainder of this semester. The hours are Saturdays 10 a.m. to 6 p.m. and Sundays 10 a.m. to 6 p.m. The terminals are located in rooms 313

and 315 of Olsen Hall. The remote batch station is in room 102, Olsen Hall. There will be experienced student workers on duty to assist users in their operations.

Users must enter and exit Olsen Hall through the front entrance only.

University of Lowell Traffic and Parking Regulations

The following regulations are made for the benefit and convenience of all so that the limited parking facilities will be readily available to faculty, administration and students who are entitled to and have need to park on campus.

These regulations apply to faculty, staff and students and will be in effect twenty-four hours a day throughout the calendar year; hence, these rules will also apply to evening and summer school programs.

PARKING RULES

1. Only motor vehicles displaying a current and proper decal will be permitted to use the designated areas on the campus. The decal should be placed on the inside of the rear window on the right or curb side of the vehicle.

2. Decals may be obtained by both staff and students by filing an application with the Campus Police Office at the north campus or the Power Plant at the south campus. A driver's license and automobile registration are necessary.

PARKING AREAS STUDENTS

A. Students will park their vehicles in the designated student parking lots which are located on Riverside, Wilder and Broadway Streets.

B. The parking lots adjacent to Fox Hall, Bourgeois Hall, and Leitch Hall are also designated as student parking lots.

C. The parking lot adjacent to Eames Hall is reserved for residents of Eames and Smith Halls only.

FACULTY/STAFF

A. Cumnock Hall parking area (reserved for assigned personnel only).

B. Parking Area - rear of Olson Building.

C. Nuclear Area parking lot.

D. Physical Education parking lot - Adjacent to Costello Gym.

E. Quadrangle Area - rear of Southwick Building.

F. Parking Area - rear of Mahoney Building.

H. Parking on Rolfe Street is unrestricted except for those spaces specifically earmarked for assigned handicapped persons and other personnel.

I. Handicapped persons will be issued special decals and will be permitted to park in areas marked "Handicapped Only".

VISITORS

A. All visitors must report to the Campus Police Office for a visitor parking permit and assignment.

B. Visitors at the South Campus will report to the Power Plant for Assignment.

C. Students and graduate students are not permitted to park in staff areas. Faculty and staff are not permitted to park in student areas.

D. Cars must be parked entirely within lined parking spaces. An improperly parked car in the adjacent space does not constitute an excuse for straddling the painted line.

E. There may be no overnight parking in the student or faculty/staff lots except those students who reside at Fox, Bourgeois or Leitch Halls.

TRAFFIC RULES.

A. Campus speed limit is ten (10) miles per hour.

B. Observe campus signs: "Stop", "Do Not Enter", "One Way", etc.

C. The University assumes no responsibility for fire, theft or damages to motor vehicles or personal property.

D. Driving or parking on walks, paths and normal lawn areas is prohibited.

E. Obstructing entrances of loading areas is prohibited.

F. The University has the legal right to order cars towed away under serious conditions.

PENALTIES

When a parking violation is noted, the Campus Police Officer will issue a violation ticket. The first violation will be a warning and for any subsequent violations a \$3.00 fee will be imposed. Said fees will be collected by the Lowell District Court to be returned to the University's Scholarship Fund.

These regulations are subject to revision at any time. Changes will appear in the campus newspaper or will be posted on campus bulletin boards.

GRADUATE STUDENT

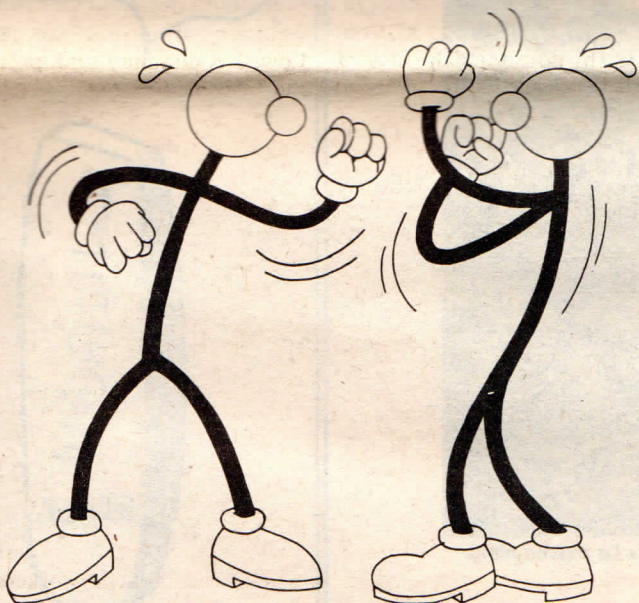

I.D.'S

September 14th

from

5:30 to 7:30 pm

in the
**Cumnock Hall
Auditorium
North Campus**

PARKING BANS

A City of Lowell ordinance bans parking on either side of Pawtucket Street in the Leitch-Bourgeois-Fox Halls area. Immediately upon the completion of

the parking lot at Eames Hall a City of Lowell ordinance will be in effect; no parking will be permitted on Standish Street.

ATTENTION! Out-of-State STUDENTS

If you operate a motor vehicle which is registered in another state,

**UNDER MASSACHUSETTS LAW
YOU ARE REQUIRED
TO FILE AN INFORMATIONAL
FORM and affix a
NON-RESIDENT STUDENT
DECAL to your vehicle's
windshield**

**IT'S EASY TO DO:
SIMPLY**

- (1) **OBTAIN** Informational Forms from your campus security office
- (2) **FILE** the forms with campus security and receive your decal.
- (3) **AFFIX** the decal to the windshield of your vehicle.

Avoid Identification Hassles

Greetings:

A great BIG welcome goes out, not only to all freshmen and transfer students, but also to those of us who managed to find our way back after a great summer!

Yes! Rumor holds true! Alpha Omega Sorority has announced fall pledging dates, those being Sept. 11-15th, in the So. Campus cafeteria. Membership in Alpha Omega can fulfill your needs in many ways; not only socially, academically, and athletically, but also through various service projects designed to help others. Our past activities have included: semi-formals, turkey feeds, raffles, co-sponsored party with Sig-O, bake sales, car washes, beach parties, X-mas carolling, benefit basketball games for the March of Dimes with TKE, and other group events. Academically speaking, the Sisters will gladly tutor you if you're in need of a little help with your studies. There is something for everyone in Alpha Omega Sorority.

Want to find out more? Then come to our introductory Wine & Cheese Party, Wed. Sept. 13th, meet at So. Campus S.U.B. at 7:00 P.M. Tonic will be provided for those who prefer it to wine. So, take a break and stop by our party or our table in the cafe. We'll be glad to answer any questions you may have about our sorority. Until next time...

—ALPHIE

Alpha Sigma Tau

Show me a country that behaves according to established rules, and I'll show you a national convention. Alpha Sigma Tau's twenty second National Convention was held this summer at Natural Bridge, Virginia. 31 delegates from across the country met and discussed all aspects of sorority life. The Beta Tau's delegate, Fran Caruso, and alternate, Lori Sousa, came back with a lot of ideas to share with the rest of the chapter. Some of them were demonstrated at our last rush party, and other new ideas and concepts are being discussed.

Being a national sorority allows us to receive advice from older, more knowledgeable sisters, and to compete with other chapters for awards. Our chapter, from the University of Lowell, won recognition in the song contest. The song, "We're Great" was awarded second prize in the category of original words, someone else's music. It is an award the whole chapter is proud of.

A lot of our sisters got together during the summer for some rest and relaxation. Our destination was the Pawtuckaway Campgrounds, in New Hampshire, where we spent a weekend in the wilderness. Being away from the hustle and bustle of the city was appreciated by most of our members. We also got together to catch some rays, and ride some waves at Seabrook, New Hampshire. This watery event convinced one alumna to ride her bike from home (a mere 25 miles) and, needless to say, she was washed out at the end of her trip. Any more puns, and I'll be beached.

You may have waved to one of our sisters working at orientation for Freshmen and transfer students on Thurs., Sept. 7. When I asked how the day went, the response was "Greasy.", but that's okay - I heard grease is the word.

I also heard that a Sunday afternoon study session is being planned for the students who are in need of extra help in their studies, or moral support and a cup of caffeine. If you are interested in the study sessions, or want more information about AST, send your name and box number to Michelle Constantine, Box 2886 N.

The sisterhood,
Alpha Sigma Tau

8ight down,
bixty-1ne days of
classes to go!

GREEKS

TKE

The time has come! This is going to be the big year for TKE. The continued growth of this Fraternity has gained national recognition as the most improved chapter in the country! And this is only the beginning. There are over 320 TKE chapters throughout the nation and the ULowell chapter represents the best of them. Our President, Charlie Perry, along with Tom Maroon, John Georgevits, Boyd Estabrook and Kris Paul, biked their way to the International headquarters to accept the award this summer. The psych at TKE is overwhelming.

So far this semester we have five hard working young men who are on the road to our Brotherhood. These Pledges have been trying to show their worth to gain the honor that comes with being a Teke, and we wish them luck. They are: Ed Pyne, Jeff Murdock, Frank Clark, Rick Gacek and Bruce Kroll. We will be having another Pledge Class in the beginning of October, so if you are interested in joining the number one Fraternity in the nation, stop by the house at 70 Methuen St. or ask a Brother at school about us, it will be the best move you could make. We would also like to welcome Teke Brother Bill Leman to our Chapter, who transferred from Suffolk. It hasn't taken Bill long to get into the spirit of things.

After our summer parties, Deep Sea fishing trip and good times, it isn't easy to get back to the books. But we have started the semester off in true form. From our free beer party behind Bourgeois while helping students back to their dorms, to the Freshman orientation barbecue at South Campus, we have been having some good times, one of which was working the grills with the Sigma Kappa Epsilon and Alpha Sigma Tau Sororities.

In sports this year we have the numbers, motivation, and size to put together one of our best intramural years. With football starting, our practices and teamwork look promising for a good season.

And finally, we would like to thank all those who attended our first Open Band Party on September 9th. With Ladies Night, (Carnations to all of the girls) and great music, drinks and dancing, this party was one of our prime times! The huge crowd and continuous fun combined for a great bash. We hope to have many more super parties throughout the year. Remember, you heard it from TKE; "ULowell, U Love it!"

"The Fraternity for Life"

The Brothers of Tau Kappa Epsilon

Mules laden with Blue Maguey pinas on their way to Cuervo's La Rojena plant.

Since 1795 we've gathered our
Blue Magueys for Cuervo Gold
the gentle way.

It's the old way. And still
the best.

At Cuervo we know that there is only one way to make Cuervo Gold perfect. The way we've been doing it for more than 180 years.

That's why people still nurture our fields of Blue Maguey plants. And why mules are still used to bring these precious plants to our distillery. For tradition is still the most important ingredient in Cuervo Gold.

This is what makes Cuervo Gold truly special. Neat, on the rocks, with a splash of soda, in a perfect Sunrise or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1795.

CLUBS

One More Chance... To Join AFROTC

One more chance remains for University of Lowell Sophomores to give Air Force ROTC a try. Within the last four months, eleven (11) sophomores have entered the program and will enjoy a six week paid Air Force orientation program at an active Air Force base this summer. Of those 11, one has already received a two year scholarship which pays books, tuition, and \$100 a month through graduation in 1980. Two others have been guaranteed entry into Air Force pilot training classes after graduation. Several (one a nursing student) stand in excellent position to gain scholarships after completion of summer camp.

All Air Force ROTC students have job guarantees after graduation which include 30 days vacation with pay and full medical coverage with no medical premiums. All juniors and seniors receive \$100 each month whether they are scholarship recipients or not. Members of the Lowell AFROTC detachment students (cadets) enjoy social activities, base visits, Air Force flight orientation, and leadership training in addition to their academic pursuits.

If you have been wondering what Air Force ROTC is all about

but never had the chance to ask, call ext 252 or visit Southwick Hall Room S-328, now! The time is running out. A few places are still available. If the benefits and career opportunities of Air Force life appeal to you, give it a try. There are absolutely no strings attached, no service obligation should you change your mind after summer camp. This summer could be the one that puts you on the right track, but THE TIME IS RUNNING OUT.

Nuclear News

The American Nuclear Society is a nation-wide organization which provides professionals and students in the nuclear industry a means of interacting, and becoming involved with the current issues concerning nuclear power. Students at the University of Lowell studying nuclear engineering are very fortunate to have on campus one of the most active ANS student branches on the East Coast.

As many of you probably know, the major event of the past year was the very successful 1978 ANS Eastern Regional Student Conference hosted by the U Lowell ANS. I am sure that the University of Lowell will have a large (if not the largest) delegation at this year's conference, to be held in Maryland. Many will come away with awards and honors as in the past. All who attend will find it worthwhile and rewarding.

Some of our other activities last year included a trip to Brookhaven National Laboratories; an extensive tour of a nuclear power station under construction; a tour of the New London submarine base; our annual Spring Picnic; and a variety of interesting films and speakers.

Our first meeting of the year will be Tuesday, September 19, at 11:30 in Room 301 of the Nuclear Center. Freshmen, Sophomores and Upperclassmen are all equally welcome. At the final meeting last year many people expressed interest in helping out with such projects as a resume library and search service, field trips, fund raisers, and conference trip preparations. None of these things will come about without your support. So why not come by Tuesday at 11:30 and see what we have to offer? You'll meet many others with similar goals and interests and get the opportunity to go places and see things that you as an individual could never do.

See you there!

Campus Ambassadors:

Christians in worship, fellowship, and ministry.
Meetings: 7 pm Thursdays, Fox Hall Rm. 606
Phone: 256-8601 (Tom and Janis Taylor)

This Week [Sept. 14]: "God provides power for living," a study of Rom. 8:1-17. The Christian Faith is much more than a list of ethical teachings to live by, it is a unique relationship with Jesus Christ. Tonight we will examine how this affects us in everyday life, particularly as it relates to following the example Christ left us.

Next Week [Sept. 21]: "Why join with other Christians?" We will be taking time out to explain why we are here, what we hope to accomplish this semester, and let you get to know who we are with the hope that you will join with us this year. We hope that what we offer in terms of encouragement and opportunities will meet some needs that you have along those lines. Please Come!

Beginning Sept. 28th, we will be looking at the life of Christ for eight weeks. God became fully man for a reason, and it is our desire to see how his life and death and resurrection ties in with how we are to live today.

Arnold Air Society

Well, the start of school has come and gone, and the Societie's mission of being the number 1 squadron in the area is almost over. It'll take one last push by the members to finish our year long preparation for inspection in September.

Incidentally—Congratulations to all the juniors who completed summer-camp with great success this summer (You know who you are) and also to the freshman, who should be commended on the fine growths they developed all over their cranial area. Right Phil Joe? It was rumoured last week that we had a leprechan amongst us, but he finally shaved and took off that ridiculous hat.

A warm welcome is extended to Major Dupre with the hope that he will help guide us to supremacy in Area A.

MEMBER PLEASE NOTE: VA HOSPITAL on the 13th, General Meeting on the 14th, Car Wash on the 16th, and pledge party for all cadets minus freshman on the 19th at 7:00 in the infamous AAS Lounge.

Congratulations are in order to the 3 commandoes for their daring feat and last but not least WELCOME BACK TO THE CLUB!!! (and thanks for the pool table.)

ULowell Hillel

There will be an organizational meeting to begin the year. The meeting will be held in the North Campus SUB room 613 at 7:30 pm. on Tuesday, Sept. 19.

Hillel is the Jewish Student organization on campus affiliated with the Bnai Brith Hillel of Greater Boston. Numerous social events are held with Boston area Hillels, such as Harvard, MIT, BU, Pine Manor, Northeastern etc. The club also serves as a focal point of Jewish activities through the Boston area outreach program.

Everyone interested in joining the ULowell Hillel is urged to attend this meeting. If you cannot make the meeting, but are interested, please drop a note to Fred box 1767 n.

Clubs and Organizations

The University of Lowell offers a variety of clubs and organizations that students are encouraged to participate in. There is a large selection of clubs to choose from which include different types of career, ethnic and athletic organizations. The times and places clubs will meet will be printed in the **Connector** throughout the year. Keep your eyes open and become active in your school.

Aerosports Club

There will be a meeting on Thursday, Sept. 14th for all Aerosports Club members. (This includes all Hang Gliding, Parachuting, and Ballooning class students.) The meeting will be held at 11:30 in the multi-purpose room in The Lydon Library on North Campus.

All of the Hang Gliding students from last year are urged to attend this meeting because if the weather permits, we're going flying! Please attend the meeting if you would like to be on the club so we can get your box numbers, phone numbers, etc. in order to reach you on days that the club will be out flying.

All new students in any of the Parachuting, Hang Gliding, or Ballooning classes must be present on Sept. 14 as it is the first day of class. Books for the course are on the Hang Gliding outline (which you should have picked up on the day you registered for class), and are available in the bookstore.

See you there!

Join the History Club

ATTENTION ALL HISTORY, POLITICAL SCIENCE, AMERICAN STUDIES MAJORS AND ANYONE INTERESTED IN HISTORY.

This year promises to be most interesting and we are looking forward to a year filled with many field trips, guest speakers and good times. Come join us this Tuesday September 12th and every Tuesday in room 100 Coburn Hall at 11:00 A.M. New members are most welcome!

Chemical Engineering News

For those of you new and old engineers, who are unaware of the AICHE club, yes there is one! Come to our meetings, give us your ideas, become a member and learn about this fun and interesting club. Our first meeting took place on Sept. 7; many ideas came up to make this a very busy and fun semester. Several hot dog days are planned for these coming months, so be on the alert for the dates. There will be a general AICHE meeting on Thursday, Sept. 21, at 12:00 in EB 311. Those of you who want to know more about the Chemical Engineering world and meet some of your classmates or learn more about the program are welcome to come. This is your big opportunity freshmen and sophomores, we'll be looking forward to seeing you there! On Friday, Sept. 22 at 7:30, our first party will take place in Fox Hall #422. Munchies and beer will be available. Come and see our best side.

Helping sessions are being set up for the near future. So if you are interested in becoming a member, a representative of your class, or know more about the club, do not hesitate to contact Jim Mussnug box # 755 or Vilma Londono box # 1560; or come to the Chemical Engineering Dept. We will be glad to hear from you.

—Vilma Londono V.P. AICHE

Computer Dating Project

This years Math and Computer Club officers who were elected at the end of last semester are, President Don Martin, box 2371, Vice President Terry O'Beirne, box 1800, Treasurer Carol Schwarzenberg, box 2392, and Secretary Judy Pelrine, box 2593.

Last semesters trip to Bell labs was a success. We are in the process of making plans for a tour of the Western Electric plant, hopefully in late September. We also have an invitation to a Raytheon plant and are contacting other firms.

We urge old and new members to attend the first club meeting which will be held on both Tues. Sept. 12 at 11:30 and Wed. Sept. 13 at 2:30 in the Math Library on the second floor in the Olsen building, North Campus. Bring your ideas for getting our Computer Dating Project started.

Math and Computer Club, box 110
Student Information Center (across from mailroom.)

ULowell Nursing Club

Welcome back to school classmates, and we especially welcome all new students. In case you don't know, we have a Nursing Club on South Campus that is very interested in hearing from you. We have a General Meeting the first Tuesday of every month, we urge all to attend. On September 10th we had an orientation field day for the freshmen. There was a good turnout, and lots of fun. We hope to have a very active and involved Nursing Club this semester. Our first project will be a Bake Sale on September 26 in order to raise money for our club, details will be given later. so take an interest in us, you won't be sorry.

—Lorraine Sullivan
Secretary

Ever Thought of Karate?

Well, this is the time for you to join in one of the most active, interesting, fun, and rewarding sports on campus. You guessed it! Karate. The Karate Club (which can count for gym credit) meets on Tuesdays and Thursdays from 11:30 to 1:30 p.m., though one day a week is fine if you can't fit it into your schedule. Master Kazumi Tabata, a sixth degree black belt, is the instructor. The classes can greatly increase your physical and mental discipline and self-confidence. It is also a great way to take your mind off studies for a while. If you are interested, stop by one of the classes and take a look, or write to the president of the club, Dan Roy at box 1480 or the secretary Carmina Londono at box 569. The Karate Club office is on the fourth floor of Fox Hall. Upcoming this month will be a get together for those interested, and a Karate demonstration along with a FREE Bruce Lee movie. Watch the **Connector** for dates and times. Hope to see you.

ME Majors

Our technology is advancing rapidly and changing continuously. Thus it is incumbent on the engineer to associate with a technological society as a means of keeping abreast of modern technology. I therefore urge and invite you to become a member of ASME. ASME is a professional club which brings you into contact with all branches of Mechanical Engineering, professionals, research, industry (especially in guidelines for employment), and current technology to name a few. It only costs you \$5 to join, and that's all. For a \$5 membership fee you will receive a copy of MECHANICAL ENGINEERING (worth \$50 alone) each month. The magazine will keep you up to date with the latest technological developments. Plus you will receive ten FREE Technical papers (worth \$15 each) of your choice. Plus too many more benefits to list. To join, come to our next meeting on Tuesday, September 19, at 11:30

Pershing Rifles

Did you know that here at ULowell is the #1 College Drill Team in New England? A team that has won over 50 trophies in its 15 year history? If you did not know, let me introduce you to Squadron N-12, Pershing Rifles. Squadron N is one of 5 units in this area which belong to the National Society of Pershing Rifles, an Honorary Brotherhood of college students founded in 1894. Drilling is the main activity of the society, and for 3 of the past 4 years, including last year, we have been the best in New England. We are also a social group, with parties throughout the year (any excuse will do). Like a sports team, you have to "make the team" - there is a training period of 8-10 weeks before you can become a member. We are

in room BL125, or contact Victor Adornato, Box 2498 NORTH for an application. It will look very good on your resume!!

—V. Adornato, President

having a "smoker" - introduction meeting- for anyone interested in joining on Monday, September 18th at 8:00 in our lounge in Southwick Hall room SO-321. If you cannot make it then, come up any time and talk to a member. If you want to be involved in a University activity, and a sports team or fraternity doesn't seem quite right, then maybe you can be a Pershing Rifleman.

Discouraged Fan

(Due to the events of last weekend, the following script for a television commercial may soon become a reality.)

Now, for a limited time only, come see the unbelievable "Men of Lamenta."

"What did you think of the recent Red Sox collapse?" "It was awful, my mascare ran all over my popcorn!"

"I hated it!"

"It left me weak and weeping."

Come to Fenway Park and hear Bill Kiley play the Red Sox favorite song; "The Impossible Dream". ...Also hear the Sox

manager sing: "I-am-Don-Zimmer, the-man-of-La-menta..."

Due to the overwhelming response, "The Men of Lamenta", has been extended through October 1.

So come to Fenway park and watch the smash hit of the year! (It may be your last chance.)

Next week: "The Fizz"

—Richard Allard

Children's Swim Program

The Children's Swimming Program for the fall semester will begin September 16. The program will consist of ten one hour lessons for a fee of \$10.00 (please make checks payable to: Gerald F. Cronin-Business Manager). The program is open to all children of University of Lowell faculty or staff.

All children will report to the natatorium for testing at 9:45 AM on Saturday September 16. Children will be grouped, after testing, into the Red Cross swimming levels of Beginner, Advanced Beginner, Intermediate, and Swimmer. Beginners and Advanced Beginners will have a short lesson following the testing. Intermediates and Swimmers will have their first lesson at 11:00 AM.

All students will be under the sole supervision of the Director of Aquatics and/or his staff and will go through a varied but formal Red Cross instructional program. Red Cross certificates will be awarded to those students who fulfill the requirements for a specific swimming level. Parents should accompany their children to the first lesson to pay the registration fee and fill out a form. If you have any questions please direct them to Coach Andrew Cornellier at the North Campus Gymnasium.

Estimated Tax Installment Due

BOSTON. . . The third installment is due by September 15, 1978 from taxpayers making estimated tax payments on their 1978 income, Herbert B. Mosher, District Director for the Internal Revenue Service in Massachusetts said today.

The tax installment should be paid using declaration-voucher 3 from the Form 1040-ES package.

Those taxpayers whose anticipated income during 1978 has changed may have to file an amended declaration. Space appears in the estimated tax package to compute an amended estimate, Mosher said.

For more detailed information, taxpayers can obtain IRS Publication 505, "Tax Withholding and Declaration of Estimated Tax," free of charge from the Boston IRS District Office. Supplies of the Form 1040-ES package are also available at this office.

From a country as clean and unspoiled as Canada, you'd expect a very special taste. Fresh from North America's most experienced brewery, Molson has been making friends on both sides of the border since 1786.

Our three import brands are ready to show you just how great Canada can taste. Make it the heartiness of Molson Ale, spirited Canadian Beer, or smooth Golden. Or all three.

Brought to you proudly by
Martlet Importing Co., Inc., Great Neck, N.Y.

University Disciplinary Procedure

The underlying purpose of university disciplinary procedures is educational. Such procedures accordingly seek to promote the achievement of self-discipline and self-direction on the part of the student for fostering personal responsibility and accountability. In the administration of these procedures, the University recognizes the legitimate concern of the student body, the faculty, and the administration and is committed to a proper balance between protection for the individual and the academic community. In the imposition of disciplinary penalties, the University makes every effort to avoid dual punishment of an offender for the same wrongful act and therefore refrains from disciplinary action when sufficient disposition of an offense has been made by a court of law. Unlawful acts and acts of misconduct which are committed off-campus are not the responsibility of the University and are not subject to adjudication by University procedures. However, fraternities and sororities may request the assistance of the Dean of Students in matters which they cannot handle themselves.

The role of the Dean of Students

Except for charges of academic dishonesty, which are adjudicated through established procedures of colleges, all complaints concerning student misconduct or charges concerning violation of administrative requirements of the University must be forwarded in writing to the Dean of Students, who, within a reasonable time thereafter, shall provide the student with the name of the complainant, a copy of the charges filed, and a statement of hearing procedures and individual rights of due process. Within five academic days of this notification, the Dean of Students shall schedule a personal interview with the student, at which time the student may explain the circumstances of the complaint or charge and/or may affirm the charges or complaint as files, may call witnesses on his or her behalf, and may confront and question those who appear to give testimony. Within a week of this interview, the Dean of Students shall render a decision concerning the complaint or charge filed and shall forward a copy of his decision to the student by certified or registered letter, return receipt requested. In the event that the Dean has specified a sanction, his letter shall notify the student of his or her right to appeal the decision to a Board of Appeals and to be represented and/or assisted by a faculty advisor in making such an appeal.

The Dean of Students shall have authority to impose a sanction without recourse by the student to subsequent hearings if the student has failed to report for a personal interview as scheduled and has not been excused from reporting for good and sufficient reason. If a student against whom a sanction has been imposed makes no appeal to a Board of Appeals, the punishment determined by the Dean of Students shall be implemented within ten days. Pending action on an appeal of sanction imposed by the Dean of Students, the status of a student shall not be altered and his or her right to be present on campus and to attend classes shall not be suspended unless, in the opinion of the Dean of Students and the Vice President for Student Affairs, failure to implement such sanction may reasonably pose a threat to the safety of persons or the protection of University property.

The Composition and Role of the Board of Appeals

The Board of Appeals shall consist of two faculty members appointed by the Chairperson of the Faculty, two administration members appointed by the Vice-President for Student Affairs, and three student members appointed by majority vote of the Student Senate. An alternate shall

be appointed respectively by the Chairperson of the Faculty, the Vice-President for Student Affairs, and the Student Senate for each regular member designated. Upon written notification to the Board at least two days prior to a scheduled hearing, the student defendant or the Dean of Students each has the right to remove, without cause, one regular member of the Board and to replace such member with his or her designated alternate. The Board shall elect a person from among its members who shall conduct the hearing and who shall assume responsibility for assuring an accurate record of the hearing.

An official record of the hearing, including a record of testimony shall be made by a duly appointed stenographer or by tape recorder. The transcript or tape recording shall be for the use of the Board only, and upon the conclusion of the hearing it shall be deposited with the Vice-President of Student Affairs, who shall subsequently release this record only upon the direction of the President or upon the order of a court of competent jurisdiction. Upon the student's graduation or withdrawal from the University, a copy of the official record of the student's hearing may be released to the student when such release has been approved by the University President. The original transcript will be kept in the office of the Vice-President for Student Affairs.

The Board of Appeals shall receive a written charge from the Dean of Students which provides the name of the accused student and the specific allegation of student misconduct. A copy of such charge shall be conveyed to the student by the Board, together with a notice of time and place of official hearing before the Board. The student may be assisted in his or her defense by an advisor of his or her choice, may present evidence, and may call witnesses in his or her defense. Hearings before the Board of Appeals shall be private unless the student has filed a written request for a public hearing with the Board at least two days prior to the scheduled hearing date.

Attendance at Hearings of the Board of Appeals

The following individuals shall have a right to be in attendance at a hearing of the Board of Appeals: the Dean of Students, the student defendant, the student's advisor, and the legal counsel of the Board of Trustees. Individuals other than those enumerated above who have a direct interest in the proceedings may be permitted to attend at the discretion of the Board. The Board may revoke such permission at any time during the course of a hearing. A decision to permit an individual's attendance or to revoke such permission shall require a 5/7 majority vote of the board.

Admissibility of Evidence

Decisions of the Board of Appeals shall be based solely upon evidence which has been introduced during official Board hearings. Improperly acquired evidence shall not be admitted before the Board. In any proceeding, the admissibility of evidence shall be governed by the Rules of Evidence which are specified by Chapter 30 A of the General Laws (State Administrative Procedure Act) concerning adjudication. Information pertaining to the defendant's academic standing or to his or her previous record of offenses shall be introduced in a hearing only if the Board deems such information to be relevant. Each witness testifying during a Board hearing shall be called into the hearing room at the time he or she is to testify and shall leave the hearing room immediately after providing testimony. Members of the Board, the student defendant, the defendant's advisor, and the Dean of Students may question any witness concerning his or her testimony.

Powers of the Board of Appeal

The legal counsel for the Board of Trustees shall be the legal advisor to the Board of Appeals. All questions as to the scope of the hearing, legal procedures, legal substance or legal relevancy shall be determined by Board counsel. However, by a 5/7 vote the Board of Appeals may not accept the opinion of the legal counsel. An affirmative vote of 5/7, the Board of Appeals may affirm, reverse, increase, or decrease a sanction which has been imposed by the Dean of Students. Upon the conclusion of each hearing, the Board shall forward a written statement of its decision, signed by all Board members, to the President of the University, the student defendant, and the Dean of Students. All decisions of the Board of Appeals shall be implemented on the third academic day (including summer sessions) following the date of Board notification to the student defendant unless the Dean of Students or the student defendant's notifies the Board in writing of his or her decision to appeal the Board's decision to the President of the University.

Appeal to the President of the University

An appeal to the President may be initiated by the Dean of Students or the student defendant and must be made in writing to the Vice-President of Student Affairs within two academic days following notification by the Board of Appeals. The President's review shall be based on the complaint, the decision of the Dean of Students, the record of the hearing, and the decision of the Board of Appeals. The decision of the President shall be implemented within ten days following the date of presidential notification to the student defendant unless the student defendant notifies the President in writing of his or her decision to appeal the President's decision to the Student Affairs Committee of the Board of Trustees. In the event that the President alters the decision rendered by the Board of Appeals, he shall provide a written statement of his decision, together with his reasons, to the Board of Appeals.

Appeal to the Board of Trustees

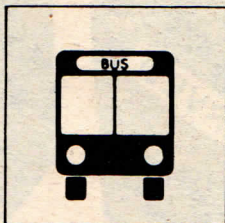

A student defendant has a right to appeal the decision of the President to the Student Affairs Committee of the Board of Trustees. This appeal must be made in writing to the Vice-President for Student Affairs within two academic days following the date of presidential notification to the student defendant. All decisions of the Student Affairs Committee of the Board of Trustees are final and shall be implemented within ten days.

How to Get Away Once You Are Here

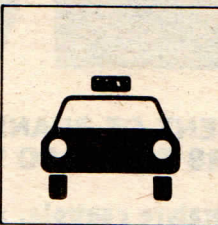

A major problem for ULowell dorm students without cars is how to get away from campus and Lowell. There are a number of alternatives; however, hitchhiking, walking, or having a friend with a car are things you must workout on your own. This article deals with getting away using public transportation. This should be all you need to get around on your own.

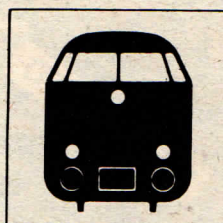

All of the buses in this area are handled by the Lowell Transit Authority. There is a South Campus stop on the corner of Wilder and Broadway Streets, and North Campus stops in front of Smith and Eames Halls and on the VFW Highway. The fare is 30c. For current schedules and other info, go to the student Information Center or call 851-4553.

Bus service for long-distance travel is provided by Continental Trailways and Vermont Transit. There's a bus terminal on Industrial Avenue, which is about a 20

minute walk from the South Campus (considerably shorter by car). Schedules and other information can be obtained at the bus station or by calling 459-7101.

Rates differ a bit on taxis in the area, but a good general rule is to share the expense with a group of others. Fares can depend on the weather, time of day, the dispatcher's ulcer, and a lot of other things, so check around the local agencies to find one with decent rates. There are a number of taxi cab services in Lowell, and all are listed in the Yellow Pages.

Many people who want to get away from Lowell go to Boston. Trains to Boston from Lowell are provided by the Mass Bay Transit Authority. Trains run regularly between 6:35 am and 11:59 pm from Boston and between 5:42 am and 10:25 pm from Lowell on weekdays. Weekend and Holiday service is less frequent. Roundtrip fare is under \$5. The railroad station is on Thorndike St. behind the Commodore Club, which is about a 15 min. walk from both campuses. Info can be obtained at the station, or by calling 459-7101.

Logan International Airport is the closest major airport to Lowell. Located in Boston, this airport offers both domestic and international airline service, so you can fly away to almost anywhere in the world.

As for small craft airports, there is a Airtaxi and shuttle service in Tewksbury on Rte. 38 (Tele. 851-3401). In North Andover, Lawrence Municipal Airport, and Hanscom Field in Bedford both handle regular flights around New England.

Keith Moon

Since I was very young I have always been fascinated by the Who. Their music and violence on and off stage seemed to symbolize the frustration I was going through. They were living out my wildest dreams and ambitions. As far as Keith, he was always the wildest, most destructive member of the band. Stories always ran rampant of his drunken, lunatic antics. I felt the best way to sum up his life was to reprint parts of an interview he once gave. The only setup it needs is that this story happened during a 1966 Herman's Hermit's tour, where the Who were the warmup act.

'Was it on this tour you had your infamous birthday party? Yes. That's how I lost my front tooth. In Flint, Michigan. We had a show that night. We were all around the 'oliday Inn pool. 'erman's 'ermit's and meself. I was 21 and they started giving me presents. Somebody gave me a portable bar and somebody else gave me the portable booze. I'd started drinking around ten o'clock in the morning and I can't remember the show. The record companies 'ad booked a big room in the 'otel, one of the conference rooms for a big party. As the hours went on, it got louder and louder and everybody started getting well out of their minds, well stoned. The pool was the obvious target. Everbody started jumping into the pool with their clothes on.

The Premier Drum Company 'ad given me a huge birthday cake, with like five drums stacked up on top of each other. As the party degenerated into a slanging, I picked up the cake and hurled it at the throng. People started picking up pieces and 'urling it about. Everybody was covered in marzipan and icing sugar and fruit cake. The manager 'eard the fracas and came in. There it was, his great carpet, stained irrevocably with marzipan and fruit cake trodden in, and everybody was dancing about with their trousers off. By the time the sheriff came I was standing there in me underpants. I ran out, jumped into the first car I could find, which turned out to be a brand new Lincoln Continental. It was parked on a slight hill and when I took the hand brake off it started to roll and it smashed through this pool surround (fence) and the whole Lincoln Continental went into the 'oliday Inn pool, with me in it. Ah-ah-Ha-Ha-Ha-Ha!

So there I was, sitting in the eight-foot-six in the driver's seat of a Lincoln Continental, underwater. And the water was pouring in-coming in through the bloody pedal 'oles in the floorboard, you know, squirting in through the windows. In a startling moment of logical, I said, "Well I can't open the windows until the pressure is the same..." It's amazing 'ow I remembered those things from physics class! I knew I'd 'ave to wait until the pressure was the same.

First I looked to see if I'd 'ave to kick the bloody windscreen (windshield) out to swim clear. I didn't know if I 'ad enough clearance to open one of the doors. I'm in a swimming pool, you remember, and a Lincoln Continental is quite wide. Luckily, as I'd gone in, it'd settled to one side with the passenger door up against one of the sides. So my door - I could open it.

So, I'm sitting there, thinking about me situation, as the water creeps up to me nose. Today, I can think of less outrageous ways of going drowning in a Lincoln Continental in a 'oliday Inn swimming pool., but at the time I 'ad no thoughts of death whatsoever. There was none of all-me life-passing-before-me-eyes-in-a-flash. I was busy planning, I knew if I panicked, I'd 'ave 'ad it. So when there's just enough air in the top of the car to take a gulp, I fill up me lungs, throw open the door and go rising to the top of the pool. I figured there'd be quite a crowd gathered by now. Afterall, I'd been down there underwater for some time, I'd figured they'd be so grateful I was alive, they'd overlook the Lincoln Continental. But no. There's only one person there and 'e's the pool cleaner in the morning and he's furious.

So I went back to the party, streaming water, still in me underpants. The first person I see is the sheriff and he's got 'is 'and on 'is gun. Sod this! And I ran, I started to leg it out the door, and I slipped on a piece of marzipan and fell flat on my face and knocked out me tooth. Ah-ha-ha-Ha-Ha!

I spent the remainder of the night under custody of the sheriff's at the dentist's. The dentist couldn't give me any anesthetic because I was pissed out of my mind. So 'e 'ad to rip out what was left of the tooth and put a false one in, the next day I spent a couple hours in the nick (jail). The boys 'ad chartered me a plane because they had to leave on an earlier flight. The sheriff took me out in the law car and he puts me on the plane and says (American), "Son, don't ever dock in Flint, Michigan, again." I said, "Dear boy, I wouldn't dream of it." And I was lisping around the new tooth. Ah-ha-ha-ha!

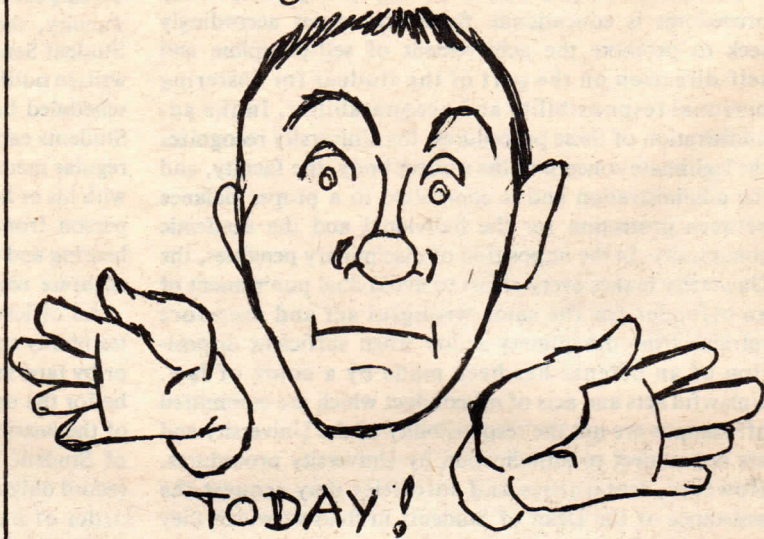

By now I'd learned 'ow destructive we'd all been. During the merriment someone 'ad upset the fire extinguishers and turned them all on the cars in the car park. Six of them 'ad to 'ave new paint jobs; the paint all peeled off. We also destroyed a piano. Completely destroyed it. Reduced it to kindling. And don't forget the carpet. And the Lincoln Continental in the bottom of the pool. So I got the bill for \$24,000. Ah-ha-ha-ha! I wasn't even earning 'alf of that on the tour, and I'd spent everthing by the time I'd got to Flint, Michigan, I was in debt up past me eyebrows, before this 'appened. Luckily, 'erman's 'ermits and the boys split it up, about 30 of us all gave a thousand dollars each... It was like a religious ceremony as we all came up and dropped a thousand dollars into a big 'at and sent it off to the 'oliday Inn with a small compliments card with "BALLS" written across it - and the words "See you soon." Ah-ha-ha-ha!

Keith Moon born August 23, 1947, died September 7, 1978.

(Taken from an interview in the Rolling Stones Mag. 12/21/72, no. 124, by Jerry Hopkins)

HEY!
The Connector needs
your help...

Is it sick to love a pen?

Is it crazy to love marker pens that give you the smoothest, thinnest line in town...and feel so right in your hand? Is it mad to worship pens with clever little metal "collars" to keep their plastic points from getting squishy?

Not if the pen is a Pilot marker pen.

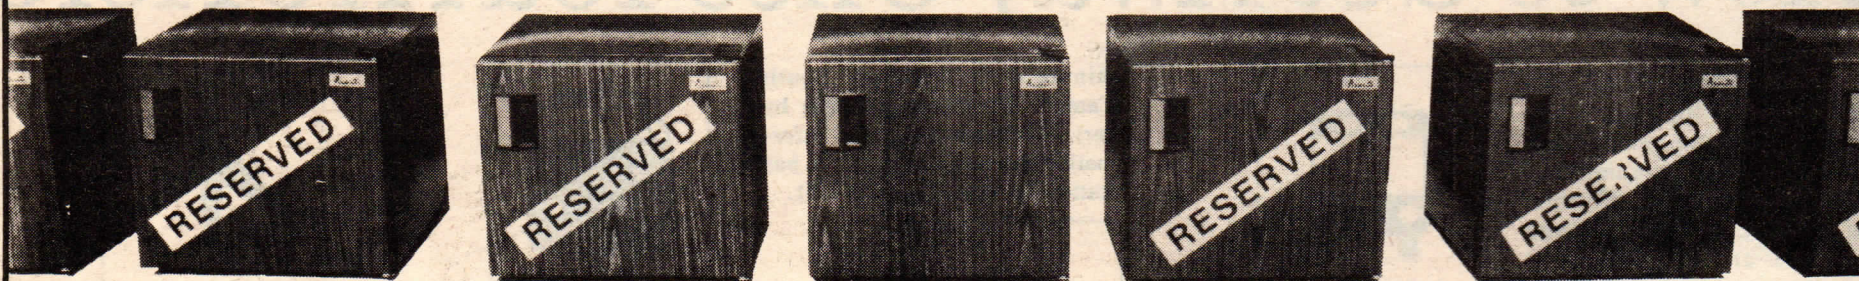

Our Razor Point, at only 69¢, gives the kind of extra-fine delicate line you'll flip over. And for those times you want a little less line, have a fling with our fine point 59¢ Fineliner. It has the will and fortitude to actually write through carbons.

So, don't settle for a casual relationship. Get yourself a lasting one, or two, to have and to hold...at your college book store.

Pilot Corp. of America, 30 Midland Ave., Port Chester, New York 10573.

"SAVE ME A REFRIGERATOR!"

WE'VE JUST RECIEVED AN ADDITIONAL SHIPMENT OF BRAND NEW RENTAL REFRIGERATORS. MANY ARE ALREADY RESERVED. ORDER YOURS TODAY SO THAT YOU DON'T MISS OUT.

Refrigerators have freezers, temperature controls, and tall bottle storage.
Perfect for study break snacks or laying in supplies for a real party.
\$50.00 rental fee includes free delivery in the fall and pickup in the Spring.
If your unit breaks down, we rush you a replacement within 24 hours - no charge.

African Art Treasures at DeCordova

Art, and the part it plays in African daily life, is the focus for "African Art: The Spirit Manifest," the current exhibit at the DeCordova Museum in Lincoln. The exhibit, which continues until Sept. 24th, contains over 300 pieces of African art from the Peabody Museum at Harvard University, one of the oldest and best documented African collections in the country. Many of the treasures have never been publicly displayed.

The exhibition is organized around six cultural themes: To Confirm Status, To Measure and Display Wealth, To Influence Fortune, To Honor the Farmer, To Enhance the Home and To Honor Spirits.

In Africa the spiritual and the practical are intertwined. Spirits interact with humans for mutual benefit. A player in a game of chance, for instance, needs to enlist the help of the right spirits to improve his chances of winning. Images may be created according to the orders of the spirits themselves and are given active embodiment with a costume and mask worn by a member of the community.

The DeCordova exhibit includes a wealth of Liberian masks, including full face masks, helmet masks and their accompanying hats and costumes, which were collected by Dr. George Harley during his 30 year stay in Africa.

Other unusual and beautiful objects found in the exhibition are a carved Chokwe prestige chair, examples of raffia baskets and cloth, and precious jewelry, neck rings and anklets made of trade beads and metals and weighing as much as 16 pounds.

Two excellent film presentations accompany the exhibit: "Through Western Eyes" is a short discussion of the changing attitudes of Western cultures toward African art; and "Africa: Reflections in Time" is a colorful collage of pictures, poetry and music reflecting glimpses into African tribal life. An illustrated catalog is available for purchase.

The National Endowment for the Humanities (NEH) and the Massachusetts Council for the Arts and Humanities have given financial support to this exhibition.

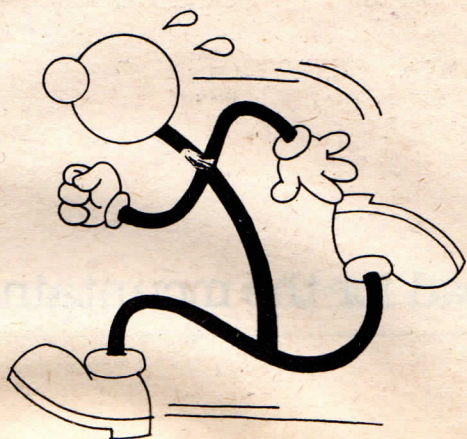

For more information call 259-8355. DeCordova Museum, Sandy Pond Rd., Lincoln, Mass.

SO FAR

I searched
but never found,
because I was not
really looking.

I heard
but never followed,
because I did not
want to know.

I touched
but never understood,
because I was
afraid.

I saw
but never believed,
because I was
blind.

I thought
but I didn't really think,
and that has made
all the difference....

So far.

— R. Allard

Students Requested to Participate in the Regatta

In celebration of Lowell's becoming the nation's first Urban National Park, the City of Lowell and the Greater Lowell Regatta Festival Committee have planned a Regatta Festival along the Pawtucket Boulevard from Friday, September 15 to Sunday, September 17.

The festival includes everything from a giant midway and hot air balloon exhibitions to an Oktoberfest Beer Tent and a Road Race to a concert by Arthur Fiedler and a Shaw Brothers Concert.

One of the major attractions planned by City Officials and the Committee is a huge parade starting on East Merrimack Street in Downtown Lowell, ending at the Speare House Restaurant on Pawtucket Boulevard.

University Students in all clubs, sports, frats, sororities, and all other organizations are welcomed to participate in the Celebration Parade.

Student Senate President Devorah Long urges all students, clubs, and others interested to show pride in their school by entering the parade.

Any persons or groups interested should contact Devorah Long by writing to box 530 or through the Senate Office or the Student Information Center.

There will be a meeting for all planning to participate in the parade at 3:00 pm, Friday, September 15 in the Student Information Center.

Lowell was an engineer's dream; a planned industrial city, the first in the nation. It is therefore as important a part of American History as are Lexington and Gettysburg. The University is an integral part in this history. Show the people of Lowell how integral it indeed is and participate in the parade.

CULTURE

"They Bungled In The Jungle"

Sir Henry Fogarty III and Sir Donald Lonroe, two hunter/explorers well known throughout the British Isles and New Jersey, used their combined talent and experience to attempt one of the last great accomplishments of the eighteenth century. The feat; to track down and capture a live Zambebian orangutan.

Despite the both of them having passed the peaks of their careers (Sir Henry was 89 years young, while the elder Sir Donald was 93), most of the British Isles were behind them. New Jersey couldn't care less. Their one detractor worth mentioning was Sir Francis Walter Drake Cake, who later optioned to change his name and go to America rather than wait for the local Chinese laundramat to unstarch his ruffled shirts. Seven years earlier, Sir Francis roamed through Zambezia, and the closest her got to the orange-haired anthropoid was bringing back an autographed picture of George 'The Animal' Steele. At that time capturing an orangutan was officially declared "A Very Hard Thing To Do" by the then reigning monarch, whose name escapes me at the moment.

Lonroe and Fogarty began their journey in the autumn of '96; a mission that would ultimately lead to them being totally left out of the history books. They spent three long years in the jungles of Zambezia and never did capture an orangutan; in fact, they never even saw one. Nevertheless, there were some things these two men did worth noting. They were very good at originating quotes and slang expressions that are still in use today. Among some of their sayings are: "I'm too old to be doing this!", "These mosquitoes suck!", "Pass me a banana.", and "Orangutans; you can't live with them and you can't live without them!"

Perhaps their most famous slang expression was initialized in the last weeks of their Zambebian safari. It came about when the Lonroe-Fogarty expedition wandered too close to a baboon community. Apparently, the baboons felt that the group wasn't worth attacking, so they stayed up in the trees and proceeded to excrement on the travelers. Sir Donald, feeling the mounting pressure of coming up empty-handed for the first time in his illustrious career as a hunter, became so infuriated at being dumped upon by a bunch of laughing baboons and screamed, "It's Apeshit! Apeshit! Apeshit!...", and went into a violent rage, killing three members of the expedition, the collapsed and died of old age.

Sir Henry, surviving the ugly scene, returned home to tell the civilized world what had happened. The news spread fast, and from that time on, the term 'apeshit' has been associated with extreme and/or violent anger.

—Tony Carpenito

At Cornock Sept. 18

Herbert Graff

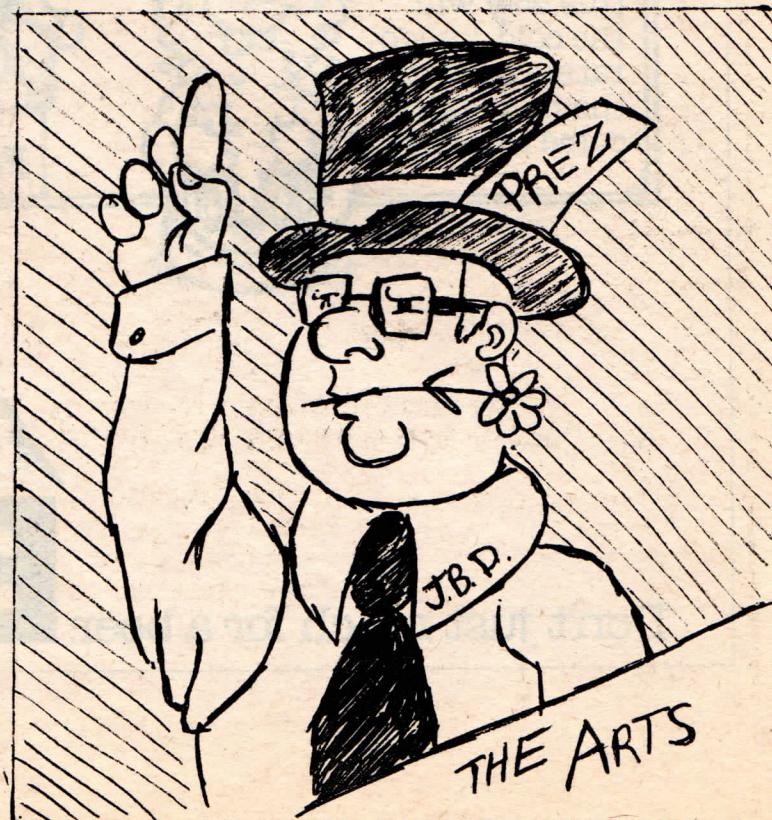

"Outtakes and Bloopers"

Betty Boop getting raped? James Cagney speaking Yiddish? Unbelievable, but true, and you can see it for yourself in Herbert Graff's program of outtakes, goofs and flubs from motion pictures, TV shows and other visual media.

In the two hours of amusingly narrated film clips, Mr. Graff shows a newsreel outtake of Jayne Mansfield awarding a foreign global award to Mickey Rooney, whose face reaches Ms. Mansfield's renowned bust. Rooney's ad lib is hilarious.

Other hysterical clips from films—scenes which never reached the general public—include sequences dedicated to censorship back in the 20's and 30's; a segment depicting black sequences of films that were cut out when shown in the 30's; outtakes from "King Kong" because of prurience and violence; and an outtake from a 1931 Douglas Fairbanks Sr. film (before censorship) reissued in 1939 after his death with the same excerpt excised because of the Hays Committee.

Mr. Graff includes a 15-minute segment with goofs and flubs from films, TV shows, commercials, Army training films, and newsreels, with particular emphasis on outtakes from "Star Trek."

Mountaineering #1.

FUNDAMENTALS OF MOUNTAINEERING

What is mountaineering all about? Funny you should ask. Because we just happen to have an answer. (Ah-h, life's little coincidences.) Mountaineering is a skill, a science and an art. Yet anyone with a thirst for excellence and normally developed motor skills can master it. Simply study these fundamentals and follow them faithfully.

1. Step one, appropriately enough, starts by selecting the correct site. To do so, pick up a bottle of Busch®. This is commonly called heading for the mountains.

2. Okay, here's where the fun begins. Hold the mountain firmly in your left hand, grasp the mountain top with your right hand and twist the little fella off. There you go.

3. Now for the tricky part. Neophytes, listen up: the proper pour is straight down the center of the glass. Only in this way will the cold, invigorating taste of the mountain come to a head.

4. Once poured, pacing becomes paramount. As any seasoned mountaineer will tell you, the only way to down a mountain is slowly, smoothly and steadily – savoring every swallow of the brew that is Busch. If you're a bit awkward at first, don't be discouraged. Perfection takes practice. Soon enough, having emptied your glass and filled your soul, you too will be a mountaineer.

Fig. 1 Before Mountaineering.

Fig. 2 During Mountaineering.

Fig. 3 After Mountaineering.

Don't just reach for a beer. **BUSCH®** Head for the mountains.

Crew Team

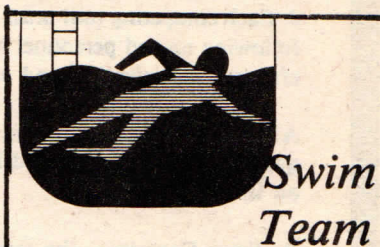

Are You Psyched? Well, we are. We're the present members of this years crew team, and we're up for this fall's scheduled races. In a few short weeks, the most prestigious regatta is upon us; The Head of the Charles. Crews travel from around the country to compete in Boston. Some of those teams will be Yale, Wisconsin, Syracuse, Princeton, Cornell, B.U., Holy Cross, WPI, Clark, and now U. Lowell will be joining in the competition.

If you would like to be involved in a sport which takes a total team effort to win, crew is for you. Our seating capacity has recently been increased to 27 people with the new ownership of an 8 man and a 4 man shell. All that is needed now is the people.

Last season the mens team finished 5th out of 12 boats entered into the freshman class at the New England Open Regatta. The Womans team, only having two outings due to a late start in the season, split their races. They beat Manhattan College and fell short by a boats length to Clark's and Holy Cross's crews.

With 50% of the men's and woman's teams returning, and the additional seats open to other students, the crew team will show a lot better this year. But it takes interest from the student body to make it a success. There are no restrictions or experience requirements to stop you from sitting in a boat and rowing.

Coach Joe Begley (458-7861) and Assistant Coach Nancy Doyon (458-7088) are looking forward to seeing new faces this year. Hopefully you'll be representing U. Lowell at the Head of the Charles in October.

Candidates interested in joining the Varsity Swim Team **Must** attend the meeting being held Thurs., Sept. 14th at 4:30 in the pool.

*Those who can't attend must see the Coach in the pool office.

There will be a meeting of all the candidates for the varsity Golf Team on Tuesday, Sept. 19th in the Varsity Locker Room of the Costello Gym.

INTRAMURAL ACTIVITIES

INTRAMURAL SCHEDULE

Fall Semester Sport	Entries Open	Entries Close	Tentative Starting Date
Century Club (men, women)	Sept. 7	Oct. 7	Sept. 19

Swimming & Diving (men, women)	Nov. 28	Dec. 5	Dec. 12

PURPOSE OF UNIVERSITY OF LOWELL'S INTRAMURAL PROGRAM

The purpose of the Intramural Sports Program is to afford every student the opportunity to participate in individual and/or group competitive experience. Through participation in physical activity, the intramural sports program seeks to promote health, to develop friendships and citizenship, to provide stimulation through exercise, and to encourage the wise use of leisure time.

The program is for those students who do not have the time, desire, ability, or physical attribute to take part in intercollegiate athletics. Regardless of ability, each participant may successfully take part in a number of activities. Intramural sports give students an opportunity to participate in wholesome leisure-time activities.

THE INTRAMURAL COUNCIL

The Intramural program is run by students through a council. The intramural council shall act in advisory capacity of the Director of Intramurals and his staff. It shall make recommendations concerning the intramural program.

Each Fraternity, Sorority, Dormitory and Independent Unit shall elect one member for the academic year to be responsible for liaison between their team and the intramural staff.

Meetings shall be held bi-monthly at a time and place to be announced by the Director. All teams must be represented at all meetings. Each unit participating toward the President Duff Award receives 20 points per meeting attended.

The council officers shall be elected by majority vote for a term of one academic year. The elected officers shall be president, vice president, and secretary.

INTRAMURAL UNITS

An intramural unit is an organization which is made up of participants who wish to compete for the President Duff Award.

UNIT ORGANIZATION

Before a unit is allowed to compete in intramural activities, it must satisfy the following requirements:

1. Units should have a minimum number of 15 participating members.

2. Units must list names of all personnel qualified to participate with their unit and submit the list to the intramural office one week before the scheduling of the first intramural activity.

3. Any new unit must be organized and approved by the intramural office.

4. Each competing unit must select or elect the following named personnel in order to assure effective organization and communication:

A. Unit Manager - his duties and qualifications are discussed in length later on in the handbook.

B. Team Captains - the team captain has charge of his/her own sport and must see that his/her team is ready to play as scheduled. He/she will assist the unit manager in every way possible in getting the team organized, be informed as to playing rules, attend meetings, and cooperate with the Intramural Council and officials.

C. Publicity Person - each unit should have a publicity person to report his/her unit's information concerning scores, schedules, or other pertinent information to the school newspaper and Director.

UNIT MANAGERS AND THEIR DUTIES

Every social club, dormitory, sorority or fraternity team, organization or independent team taking part in the intramural program must elect or appoint a unit manager. This manager serves as contact between the intramural department and his/her team. If a team is to compete successfully in the intramural program, a good manager is necessary. Matters affecting the team are communicated to

him/her, and he/she in turn is responsible for passing the information to the team members.

Experience has always proved that an organization contending for top honors has an alert and efficient manager. He/she should be interested in sports and the welfare of the organization. The efficient, alert team manager will have teams entered in all sports, see that they are on hand for all games, arrange practice periods, and work in close cooperation with the intramural office.

Managers should visit the intramural office frequently and become acquainted with the staff and the plan of organization. The literature and handbook issued from the office will be of assistance in carrying out managerial duties.

POSTPONEMENTS

1. The intramural department will be the judge of postponements. If necessary, intramural contests may be postponed, but such requests must be made at least 24 hours before gametime and should be made 48 hours in advance whenever possible.

2. A scheduled contest may be postponed only with the unanimous agreement of both team managers and the intramural director. Postponed games must be played before the regular league schedule is completed.

3. In elimination tournaments, postponed contests must be played so that the delay will not slow the entire tournament.

4. No postponements will be made because of the absence of team members.

5. A game which is postponed without the approval of the intramural director may result in a forfeit for each team.

6. Weather and school functions will be considered cause for postponement. Social functions will not be considered cause.

HEALTH, INJURIES AND INSURANCE

Since participation in the intramural program is voluntary, neither the University nor the intramural department will accept liability for injuries sustained while participating in scheduled intramural contests or in the general recreation program.

INCLEMENT WEATHER POLICY

Decisions concerning the postponement of games due to inclement weather are made by the intramural director no later than 5:00 P.M. Call 454-7811 ext. 373 or 370 to keep fully informed, or dial 458-8826.

AWARDS

All University Championship. Winning an All University Championship in a team sport entitles a unit to receive an engraved plaque.

Individual and Dual Sport Awards. Individual champions will receive medals or certificates for winning all-university championships.

Outstanding Intramural Athlete Award. This award is given each year to the outstanding male and female athlete selected on the basis of participation, attitude, spirit of fair play, enthusiasm, loyalty and representative status for the overall intramural program at University of Lowell.

Intramural Honor Award. This honor is awarded each year to students who have made outstanding contributions to the men's and women's Intramural Program.

The President Duff Award. This award will be presented to the team placing first in the All-University point standings. Possession will be for one year on a rotation basis. This engraved award will be displayed in the trophy case in Cummock Hall.

ENTRY BLANKS

All entries, team and individual, must be made on official intramural entry blanks and returned to the intramural office. Please complete your entry accurately. Closing dates for entries in each sport will be announced in the school newspaper and posted on the intramural bulletin boards located throughout the dormitories and school. Entry blanks are available at the Costello Gymnasium, at the intramural office, the issue room, or in Mahoney Hall at the South Campus.

There will be definite times for closing entries and no individual or organization will be permitted to enter after these dates.

CO-EDUCATIONAL INTRAMURAL SPORTS PROGRAM

The Co-ed Sports Program organized and conducted by the Intramural Staff is designed to supplement the existing Men's and Women's Intramural Programs. The Primary emphasis in the Co-ed Program is placed on enjoyment.

All Men and Women, graduates and undergraduates, faculty and staff are eligible to participate in the Co-ed Program. Men and Women Varsity students are eligible to participate except in their related sport.

The Co-ed Sports Program provides all of us an opportunity to share in as many enjoyable play experiences as possible with persons with whom we share common interests and skills as well as those persons with whom we find competition and recreational activities a rewarding social experience.

The following Co-ed activities have been incorporated into the program.

Badminton—doubles
Bowling
Racquetball—doubles
Volleyball
Tennis—doubles
Softball
Basketball—2 on 2

CENTURY CLUB INTRAMURALS

100—200—500 miles—Jogging, Swimming & Bicycling

1. Century Club is open to all students, faculty and staff.

2. Interested participants must register in the Intramural Office located in the Costello Gym.

3. Mileage is recorded by completing "Mileage Log" made available in the pool or Issue Room. All mileage will be verified by proper personnel.

4. Your mileage will be chartered using the following ratios:

Jogging 1 mile = 1 mile(1:1)
Swimming 1 mile = 4 miles (4:1)
Bicycling 5 miles = 1 mile(1:5)

5. For safety purposes, we strongly advise you to jog, swim and cycle with a friend.

6. Successful candidates, reaching 100 miles, etc. in one semester, will be given awards.

INFORMATION—SPECIFIC SPORTS

WRESTLING

Matches will consist of three periods. The first period will be two minutes. The second period one minute and the third period one minute. Limit: Two unit organization participants per weight class.

INTRAMURAL ELIGIBILITY RULES

The basic purpose of the eligibility rules is to provide an equitable program for University of Lowell students. The rules are not specifically designed with the intent to "expose" and "punish" violators. It is hoped this negative procedure will be unnecessary. The rules have been drawn as a guide to enjoyable participation. To apply a positive approach it is essential for every participant to abide by these rules and to enlist the support of all other members of his team. The final result will be a better intramural program for all students.

1. It is not possible for the intramural office to check the eligibility of all men or women competing. Each player is responsible for his/her own eligibility and each team unit manager is responsible for his/her own unit members. Any doubt about the eligibility of a player should be referred to the intramural office for a ruling. Teams may not play ineligible men/women even by mutual agreement of both team managers and the other players in the contest.

2. In order for a student to participate in the intramural program, a student must be considered a full-time student carrying a minimum number of undergraduate or graduate hours, and paying a student activity fee.

3. Students who are barred from any intercollegiate sport because of professionalism are barred from the same sport, or related sport, in the intramural program. For example, a professional baseball player will not be able to play intramural softball.

4. A player competing under an assumed name will be barred from intramural competition for the calendar year. Any team using an ineligible player shall forfeit all games in which the ineligible player participated. He may be reinstated only after favorable action of the intramural department.

5. Graduate students are eligible for participation, subject to the general rules of eligibility.

6. All students starting competition in any sport representing any unit must retain that same affiliation until the sport is completed.

7. A team shall forfeit any protested contest in which it uses an ineligible player.

8. **ELIGIBILITY-VARSITY AND JUNIOR VARSITY ATHLETES** — Any student who has played in a varsity or junior varsity game or match will be ineligible to participate in that related intramural sport for the remainder of that season.

9. Any student who wishes to compete in intramural activities but has no team affiliation will be placed on a team immediately upon notification to the intramural office of his/her intention.

FORFEITS

1. If a team or contestants fails to report to the scheduled place within ten minutes after the scheduled time for a contest, the official may declare the contest forfeited to the opponent. If both teams or individuals fail to be ready, both will be charged with a forfeit. To obtain a contest victory by forfeit, the full lineup must be present and ready to play.

2. In team sports, the team must have at least a minimum of one less than the official number of players ready to play at the scheduled time.

3. A team shall forfeit any contest in which it uses an ineligible player or a player who participates under an assumed name.

4. After a team or individual forfeits two contests in a sport, or if any team should voluntarily drop out of scheduled competition, their remaining contests, as well as

those already played, will be withdrawn from the league standings. The team involved will lose all points granted for that sport.

OFFICIALS

No intramural program can be conducted on a successful level without the services of student officials. Students interested in becoming sports officials should contact the intramural office. Officials for team games and meets will be furnished by the intramural department. For competition in individual sports (paddleball, tennis, etc.) the contestants are responsible for officiating their own matches.

PLAYER—COACH—SPECTATOR CONDUCT

A player or coach ejected from any game for any reason shall also be prohibited from playing for or coaching his team in their next regularly scheduled game in that sport. Any player, coach, or spectator physically abusing an intramural official will be automatically and indefinitely suspended from further participation in any capacity in the Intramural Sports Program for the remainder of that school year.

PROTESTS

1. All protests must be made in writing and presented to the intramural office within 24 hours after the contest in question. A duplicate copy of the protest must be sent to the contest opponent.

2. No protest will be accepted for consideration unless it is registered with the responsible official in charge of the contest at the time the question occurs. Do not wait until the contest is completed to register a protest.

3. The captain or team manager of the protesting team is required to make the protest to the official in charge of the contest at the time the question is raised. The official is responsible for noting the game situation so that the protest is sustained. **Matters involving an official's judgement are not a basis for protest.** Please restrict protests for matters of rule interpretations or eligibility.

4. Both contestants and the officials in charge shall be permitted to present their version of the case before a decision is made. Decisions will be made by the intramural director.

5. Games in which a protest is upheld will be replayed from the beginning of the nearest preceding division of the game unless specific details of the prompting incident are not available. A protest involving eligibility should not be made during the game, but must comply with rule 1. In any contest, the use of an ineligible player constitutes a forfeit.

6. In the event of a disagreement between individuals in matches and without an official, a rematch will be scheduled and an official assigned by the intramural director.

Intramural Softball

Men's Division: Tu. & Thurs. 6-10 pm.
